CANALEJAS FIRM.

Simultaneous with the rushing of troops to San Sebastian, Spain, to cope with the uprising which the government fears may grow out of the holding there on Sunday of the interdicted demonstration of the clerical forces, in protest against the government's stand in its dispute with the Vatican, Premier Canalejas yesterday issued a statement outlining his policy in the premises.

In it Senor Canalejas declares that the demonstration would have been permitted elsewhere than at San Sebastian or Bilbao; in fact that he desires it to be held in order that its strength may be shown. He says, however, that the law will be enforced and that his adversaries will be responsible for whatever happens. The statement of the premier follows:

"I know that priests are distributing arms, and also that the manifestants intend to bring women and children with them in order to prevent military intervention. But I am determined to enforce respect for the law. Troops will be distributed at strategic points and the railroad will be held for reinforcements.

"If my adversaries want a lesson they shall have it. They will be responsible for whatever happens.

"The manifestation has only been adjourned. I desire that it shall occur in order that its strength may be shown; but it must occur elsewhere and without constraint or threats."

Senor Felin, the chief of the Carlists, has invited the Carlists throughout Spain to send delegates to the demonstration at San Sebastian Sunday.

El Liberal in its issue yesterday demanded the expulsion of Mgr. Vico, the papal nuncio to Spain, on the ground that he is inciting Catholics to rebellion.

The government believes that the Carlists and the members of the religious orders which are numerous in northern Spain, are openly inciting their followers to violence.
Prime Minister Canalejas does not conceal the belief that the religious agitation is used largely as a cloak to shield a political and revolutionary movement.
The government openly charges that the scheduled manifestation at San Sebastian was secretly arranged in Rome at a meeting of five cardinals, included among whom were Cardinals Merry del Val and Rampolla, the object being to bring pressure upon King Alfonso to get rid of Premier Canalejas and appoint a new and more friendly ministry with which the negotiations between the government and the Vatican could be resumed. If Canalejas did not fall, it is charged, Mgr. Vico, the papal nuncio, was to be recalled to Rome.
Iron shields have been put over the windows of the historic Church of Santa Maria in anticipation of Sunday's expected disorders.

Since the government has ordered the railroad companies not to furnish special trains for the proposed demonstration at San Sebastian Sunday, the Catholic adherents are already commencing to leave Bilbao for the summer capital upon the ordinary trains.
Two hundred residents of the Province of Navarre have telegraphed Premier Canalejas that the history of Navarre is written in blood and that they are ready to die for their religion.

DR. STUART'S DEATH.

That young Dr. George Murray Stuart, who was recently shot and killed by Edna Wallace in Pittsburgh, Pa., had never been unduly friendly with the woman is the assertion made in Winchester yesterday by Dr. L. M. McHaffey, of Pittsburgh, Dr. Stuart's closest friend. Dr. McHaffey made the following statement:

"I had known Dr. Stuart intimately for the past six or seven years. He was a man of good character and lovable disposition. His morals were above the average of those of young men of the present day. He did not drink at all, to my certain knowledge; he smoked moderately, and I am positive when I say that he was a clean man in his relations with women.

"Dr. Stuart met the Wallace woman on an operation on her about a year ago in a Pittsburgh hospital. The woman became infatuated with the young surgeon. He resolutely refused to have anything to do with her, and I have often heard him say over the telephone, when she would call him, 'I have told you that I don't want to have anything to do with you.'"

INVESTIGATING BOUSEMAN'S DEATH.

A dispatch from Ridgeway, Va., says a sensation has been created in that section of the state over the report of Private Detective Joseph Funk, who has been engaged in working out the assassination case in which Mayor H. A. Bouseman was blown to his death by dynamite.

The detective's report to the Ridgeway town council is that Bouseman caused his own death, when he endeavored to injure himself with dynamite in order to collect accident insurance policies to the amount of \$6,000, and thus save himself and family from financial ruin, which, it has been discovered since the tragedy, he was facing. Detective Funk followed an unnumbered clue to find a cold trail at the end, and his report has been accepted by the council and by the majority of people in the community. This was especially true when the financial condition of Bouseman was learned. He owed \$2,500 and to meet this had only \$70 to his credit at the bank, and no other resources. Peculiar and despondent actions of Bouseman previous to the explosion are also recalled.

The detective believes that Bouseman held the stick of dynamite between his feet or lower legs while he ignited the fuse with his burning cigar, as he lay on the lawn. A paper bag found wrapped about some dynamite in bushes near the mayor's home Tuesday, following the explosion, was identified as one he got at a store the day of his death. When he stopped to secure a cooling drink two negroes told of having seen Bouseman blowing up stumps with dynamite, and he was seen in the clump of bushes where the sticks of dynamite were found after the tragedy.

Again, there was no hole in the ground where the explosion occurred, and the detective argues that both limbs would not have been blown off at exactly the same place had the dynamite been thrown from a distance at him. The officer told the council it was foolish to spend money looking for an assassin.

It is the opinion that the policies will be paid, as the case can hardly be proven in such a manner to show a cause for their forfeiture. Two policies, one for \$1,000 and another for \$2,000, were taken out a short time ago, Bouseman giving his notes for the premiums.

Creighton and Richard Gibson.

JEALOUSY CAUSES SHOOTING.

Ruth Richards, aged 18 years, daughter of a farmer at Warren Corners, N. Y., is lying dangerously wounded from bullets fired into her mouth and left lung by Frank Ranney, of Buffalo. The girl and Ranney Thursday evening went riding together. They quarreled Ranney said, and he accused the girl of attempting to break their engagement to marry because of her fondness for a rival.

Ranney confessed that he then put his arm around the girl's neck and tried to kiss her, and when she resented his action, he shot her first in the mouth and then through the lung. After the shooting the girl, afraid to tell her family, crawled to her room, where she was found, Ranney drove to Lockport and gave himself up to the police.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by W. F. Creighton and Richard Gibson.
